SHARP

S T U N N I N G   C L A R I T Y

AQUOS TVs deliver a premium
4KUHDR experience with the
latest picture processing
technology, giving you precise
and astounding 4k images. The
result is a stunning clarity that
makes all images come to life.

BREATHTAKING COLOURS

With an expanded colour palette that is 123% more than the previous one, you will get a better range of colours and be presented with more natural colours that your eyes will love.

4TC70AL1X

RICH CONTRAST.
REAL COLOURS.
PERFECT PICTURES. JUST GOT BIGGER.

4K U HDR

Richer, brighter and sharper than on any televisions thanks to Sharp's unique reproduction and advanced processing technology, what you get is a naturally stunning image quality that will take you and your family into an entirely new world of viewing pleasure.

4K U HDR

REAL CONTRAST

Pictures display superb and accurate depth and exceptional contrast between light and dark delivering a very nuanced picture. In addition, Comfort Luminance Display uses an LED backlight to produce an extraordinary, true-to-life brightness.

X4 Master Engine Pro EV

REAL DETAIL

Details like you have never seen before on your TV. Get superior images with the latest 4K Upconverter that improves quality from SD and HD sources to 4K while 4K Digital Noise Reduction keeps image quality clean to keep distracting pixilation away.

REAL COLOUR

Colours come alive with vivid and brilliant colours! Real Colour gives you a 123% wider colour palette for you to enjoy while a Colour Optimiser automatically adjusts the colours displayed to those that are naturally detected by our eyes. A Tone Optimiser offers 64 times more colour levels.

eilex PRISM

REAL PRISM

Believe your ears! Eilex PRISM* is the world's most sophisticated audio equalisation technology. It uses data from the entire frontal space of the TV to reproduce sound that is extremely realistic and original. Creating the best atmosphere to complement the beautiful 4K pictures.

*Available for AL1X series only.
