Wafu Decorative Ceiling Fan

Sleek, energy-saving and efficient

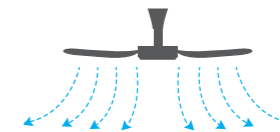

55% Energy Saving

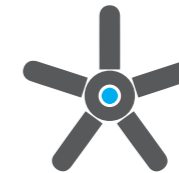

Remote Control

Comes standard with a handy remote control that allows you to operate the fan from almost anywhere in the room.

Normal Mode Function

Operating in normal mode, Wafu fans provide a strong and constant breeze while maximising air circulation.

5 Blade Design

Generates more wind because the blade-to-blade distance is closer, thus the wind it produces is more consistent.

Wafu's top-of-the-range models are built with reliable AC motors that deliver greater energy savings and optimal airflow for a quieter performance.

Model: PJC116WH

Model: PJC116BK

Colour Variation:  Black  White

Balancing style with practical functionality, Wafu fans are a great way to enhance the look and feel of any space.

Cooling you and your family

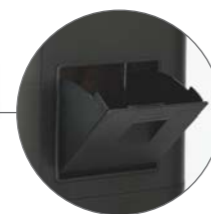

Model: PJA100TVW

Model: PJA200TVB

Keeping your indoor environment cool and comfortable during hot weather can be an easy task. Air coolers are the most effective way and they are suitable for individual cooling at any corner of your house.

- 
Increased Power And Capacity
 Low friction improves motor efficiency, resulting in increased capacity and power boost for maximum performance.
- 
Increased Speed
 Decreased motor abrasion speeds up start-up of the motor.

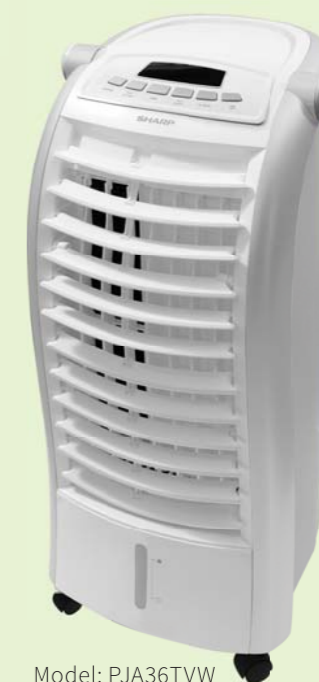

Convenient and effortless side water filling.

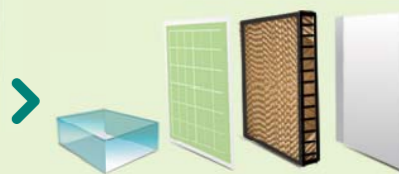

Model: PJA36TVB

- 
Improved Stability And Durability
 Reduced friction enhances rotor stability, resulting in a smoother motor operation.
- 
Smoother And Quieter Operation
 Reduced motor sound as low as 55dB.
- 
Energy-saving For Economical Usage And A Greener Environment
 Reduced power consumption from greater energy efficiency.

Model: PJA36TVW

Designed For Easy Maintenance
 Ergonomically-designed Evaporator + Filter + Water Tank enable effortless maintenance.

Model: PJT169GY

Quiet and powerful

Stand fans provide comfortable cooling and continuous air circulation both indoors and outdoors, wherever you like.

Model: PJS400M

- ✦ 16" Stand Fan
- ✦ Adjustable height: 134cm - 150cm
