CYCLONE CANISTER SERIES

Vortex Cyclone Action

The revolutionary Vortex Cyclone Airflow system boasts a dynamic and high-powered suction that effectively separates collected dusts and allergen particles from the air. Cleaning has never been so effortless.

HEPA Filter

The high dirt-holding capacity HEPA filter captures small particles and ensures trapped dusts and allergen particles are not released back into the air. This inventive filter ensures that unpolluted air is released back into the atmosphere, leaving your room pristine and fresh after each vacuuming.

Easy Click To Dispose

Disposal with a click of a button and a flick of a finger. The dust cup is innovatively designed for minimum contact and convenient disposal of collected trash.

3L Big Capacity Dust Cup

The capacious 3L dust cup is made more durable and captures more dust. Requiring less maintenance, the dust cup is innovatively designed for minimum contact and convenient disposal of collected trash.

(For model ECC2219N & ECC1819R only)

Anti-Scratch Rubber Wheel

The universal wheels which are made by rubber to ensure smooth pivoting and graceful manoeuvring for a better floor care.

Versatile and Hassle-free Mobility

Manoeuvring around the house as you clean is made easy with an extra wheel built at the bottom of the canister. It is available for all models.
