WHP315RN

Hot showers made easy

If you love hot showers, you'll love Sharp's new range of instant water heaters. These technologically- advanced systems deliver an incredible showering experience every time, even in low water pressure conditions.

With clean lines and a fashionable high gloss exterior finish, Sharp water heaters are made to complement any modern bathroom.

Non flammable protection

ENERGY SAVER
INVERTER

50%

ENERGY SAVING

DC Inverter Booster Pump

Sharp water heaters are an ideal choice for both high and low water pressure areas. Silent yet powerful, its advanced brushless DC motor consumes 50% less energy than ordinary AC pumps. The motor has a long life span and is practically maintenance free.

DC Pump Motor
HEATING ELEMENTS

RoHS Compliant

5 different spray patterns

Built-in double relay RCD (Residual Current Device)

Quickly cuts off the primary circuit (live and neutral) to ensure user safety during showers.

Metal plate

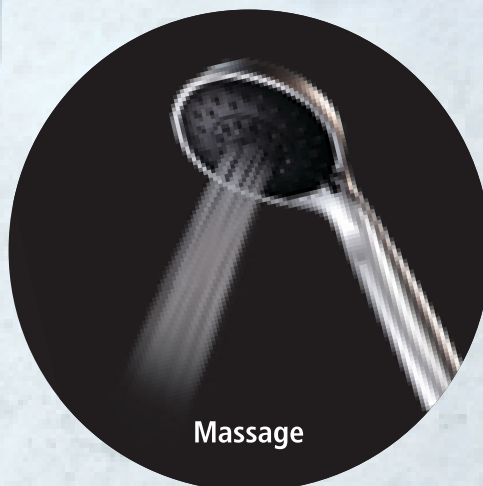

Double protection to the main power board.

Fire-retardant material

For an extra measure of protection, Sharp water heaters are equipped with fire-retarded material and heater tank.

Simple and reliable knob

The easy-grip control knob comes in an elegant chrome finish, while stepless temperature control lets you easily adjust the water temperature to your preference.
